A Robbins Park Environmental Birthday Party is a unique way to celebrate your child's special day.

The Robbins Park objective is to offer programs with a primary focus in environmental education with an exciting hands-on approach. All ages will learn about good stewardship of the earth while discovering the wonders of science and nature in a beautiful outdoor setting.

Your program begins with a welcome talk in the Cheston Learning Center, where the children will be given name tags and have a chance to explore the many treasures of this fascinating facility. We will then take a nature walk, participate in an environmental program and play a related game or maybe two, if time permits. We will then return to the pavilion area, which has been reserved for your use, to serve birthday snacks and open gifts, if desired. Time permitting we will close your event with another nature game or activity.
